NATIONAL SUGAR INSTITUTE

Organizes

NATIONAL WEBINAR

on

A Step Ahead Towards Future Fuel

15th October 2020

10:30 am to 2:00 pm (IST)

PREAMBLE

For boosting ethanol production to cope up the requirement, concept of “Multi – Feed Distilleries ” is to be seriously considered, thus, having distilleries attached to sugar factories working on molasses as well other feed stocks. Since sugar industry may have the limitation of providing required feed stocks at higher blending levels, use of surplus grains viz. rice and also the maize may be considered. The choice of a particular feed stock may be made depending upon its availability in a particular region. To discuss all about technological changes required in existing molasses based distilleries, capital cost requirement, steam-power balance, time required in project completion and much more, the webinar is being organized.

Registration Closes on: 14th October 2020 at 1:00 pm.

Registration Link: <https://forms.gle/1yC7QRwy1h8SsP3w5>

Link for the webinar will be shared after registrations are complete i.e. on 14th October

For any assistance write to us at ffuels9@gmail.com.

For more information visit: www.nsi.gov.in

Beneficiary

**Millers/Distillers'/Machinery Manufactures/
CEO/Executives/Unit heads**

Convener of the webinar

**Dr. Seema Paroha
Professor Biochemistry
+91 512 2988836**

Impresario of the webinar

**Prof. Narendra Mohan
Director
+91 512 2570730**
