National Webinar  
on

## MANUFACTURE OF VALUE - ADDED PRODUCTS ON MICRO, SMALL & MEDIUM SCALE

**Date:** 16<sup>th</sup> March 2021

**Time:** 11:00 am onwards

### Theme of the webinar

Sugar industry is an industry of enormous possibilities and may not be considered only as a source for sugar, ethanol and power. Utilizing by-products & so called waste, many value added products viz. particle board, eco-ware cutlery, biogas & potash rich fertilizer etc. can be produced. In addition to this, units may also be established for producing fortified jaggery & jaggery based confectionery and baked products viz. chocolates, plum cake, spreads etc. The webinar aims to discuss about the project profiles for various such products.
